TPCoE’s training for students of the Faculty of Law and Administration at the University of Warsaw

UW

On 7, 10 and 17 March this year, experts from TPCoE conducted training on building an information security policy and anti-terrorist prevention. Meeting had a form of workshops. Its participants were members of the Scientific Circle of Economic Criminal Law.

During the meeting, based on the 4U! social campaign, the participants learned about the best practices and recommended behaviors in the event of a terrorist incident. In addition, issues related to building the organization's security policy in the context of existing threats were discussed. In addition, issues related to

building an organization's security policy in the context of existing threats were raised.
