TPCoE training at the Opole Voivodship Office

Opolski Urząd Wojewódzki

On 27-28 October 2022. TPCoE conducted a training course for the management staff of the Opolskie Voivodeship Office and the staff of the local government of the Opolskie Voivodeship (Marshal of the Opolskie Voivodeship, town mayors and village heads), as well as with the participation of the managers of the combined services, inspections and guards of the voivodeship.

The training was devoted to discussing the recommended way of behaviour in the event of a terrorist incident, including a mass murderer attack or the danger of perpetrators using explosive devices. The training also highlighted the dangers of the radicalisation process.

The training is a consequence of an educational campaign initiated by TPCoE to raise anti-terrorism awareness among government officials.
