TPCoE training for National Fund for Environmental Protection and Water Management

Szkolenie CPT ABW dla Narodowego Funduszu Ochrony Środowiska i Gospodarki Wodnej

On 15 March 2023, TPCoE experts conducted a training course for managers and a group of employees of National Fund for Environmental Protection and Water Management. The event was another - in a series organised for this institution - training on terrorist prevention.

During the training, important aspects of the prevention of information threats resulting from the activity of terrorist organisations and state entities connected with special services were raised. The emphasis in this respect was placed on methods of acquiring knowledge conducive to the planning and

preparation of acts of a terrorist nature, including the typing of possible targets of hybrid threats and recommended actions to increase their protection.

In addition, 4U! social campaign was presented to the participants of the training, including recommended ways of proceeding in the event of an incident of a terrorist nature, such as: an attack by an armed attacker, the danger of the perpetrators using explosives, and the use of chemical or biological substances.
