TPCoE training for representatives of courier companies affiliated to the Express Carriers Forum

On 19 April 2023, a TPCoE expert conducted a training session for representatives of Express Carriers Forum member companies.

The training was devoted to discussing the recommended way of behaving in the event of a terrorist event, including a mass murderer attack, the danger of the perpetrators using explosives, as well as issues related to a dangerous shipment.

The training is the first of two training courses delivered by TPCoE experts as part of the educational campaign conducted for Express Carriers Forum.
