# Participation of an TPCoE expert in a training course for students of Internal Security at the College of Law in Wrocław

1

3

On 9 May 2023, an TPCoE expert conducted a training course dedicated to students of Internal Security at University of Law in Wrocław, during which a discussion was held on the 4U! procedure in the event of a terrorist incident, including a mass killing attack, the danger of the perpetrators' use of explosives, taking into account elements of the perpetrators'

## behaviour, as well as issues related to notification of emergency services.

On the initiative of the university, the training was also workshop-based and consisted of
a staged attack by armed perpetrators, during which the students had the opportunity to practice the appropriate response in the event of a terrorist event.
