Training for the NBP in Opole

On 26 September 2023, an officer of TPCoE conducted a training course on anti-terrorist prevention on the premises of the Opole branch of NBP.

The meeting was attended by representatives of the management of the NBP. A discussion was held on the 4U social campaign implemented by TPCoE. Special attention was paid to the recognition of terrorist threats in their earliest stage. Recommended ways of proceeding in the event of a direct occurrence of this type of crisis situation, e.g. coming into contact with an armed perpetrator or sending a so-called dangerous package, were also discussed. The characteristics of terrorist threats to the security of Poland and other EU states were also presented.

The training was an element of a broader educational campaign of TPCoE for entities of the Polish banking and financial sector.
