Training for the branch of the Institute of National Remembrance in Wrocław

Szkolenie dla oddziału Instytutu Pamięci Narodowej we Wrocławiu

On 19-20 October 2023, TPCoE experts conducted a training course for employees and managers at the Branch of the Institute of National Remembrance in Wrocław.

During the event, issues related to the role of information in building security policy in the context of terrorist threats were discussed. Issues concerning the recommended way of behaviour - the so-called 4U! procedure - in the event of a terrorist incident were also raised.

The event was another educational initiative of this kind for Institute of National Remembrance within the framework of the TPCoE 's activities concerning the shaping of security policy in the context of anti-terrorist prevention and prevention of information

threats.
